SECURE GATEWAY LICENSE FOR IVECO

Your advantages of the extended W.EASY multi-brand diagnostic solution

As the number of online services used in vehicles increases, so does the risk of potential cyberattacks on these electronics by third parties. It is not uncommon for such unauthorized access to have drastic consequences.

Consequently, more and more manufacturers are encrypting their vehicles' diagnostic access with a „secure gateway“ solution. With our OEM cooperations, we enable secure and easy access to manufacturer-protected commercial vehicles. The manufacturer **IVECO requires a paid license**, which is available from WABCOWÜRTH.

This license is provided via the **WABCOWÜRTH Secure Gateway Portal** which is seamlessly integrated into our multi-brand diagnostic system W.EASY. After registering once in the portal, the user can start his diagnosis in the proven W.EASY interface.

The IVECO Secure Gateway license is the only approved Secure Gateway access from IVECO

It offers numerous advantages:

- + One license compatible for all commercial and light commercial vehicles
- + Manufacturer-compliant solution:
 - Warranty preserved
 - Claim management friendly
- + No need for additional cables and manipulation

Supported Models from model year 2019 on:

- IVECO Daily VII
- IVECO T-Way
- IVECO S-Way
- IVECO X-Way

IVECO Secure Gateway is essential for performing the following tasks:

- ✓ **Calibration:** Ensures precise calibration of vehicle components for optimal performance and compliance with regulations
- ✓ **ADAS Calibration:** Gain access again to functions within protected vehicles e.g. camera and radar calibration
- ✓ **Maintenance:** Facilitates routine maintenance procedures to keep your vehicle operating at peak efficiency and reliability
- ✓ **Activation:** Enables the activation of various features and systems within the vehicle, enhancing its functionality and usability

Without IVECO Secure Gateway license

⚠ **Maintenance:** Read out and delete fault codes only

How to get the license...

Please contact your WABCOWÜRTH representative. You are also welcome to use our **contact form**.
